

ABDULLAH FAROUK

FRONT-END DEVELOPER | React

Baguio City, Philippines | +63-981-3231-043 | [Portfolio](#) | [LinkedIn](#) | [Facebook](#) | [GitHub](#)

TECHNICAL SKILLS

Front-end: • HTML • CSS • JavaScript • React • Bootstrap • Chakra UI
Back-end: • Firebase
Other Tools: • Git/GitHub • Figma • Responsively App • Vercel • Adalo

WORK EXPERIENCE

BASE404 | Full Stack Web Development Bootcamp | Online

Oct 2024 – Present

- Developed projects using HTML, CSS, JavaScript, React, and Firebase to build functional web applications
- Gained hands-on experience with front-end and back-end technologies to enhance my full-stack development skills

IT Support Intern Global Agility Solutions, Baguio City, Philippines

Jun 2024 - Aug 2024

- Assisted in resolving technical issues in a production area to ensure smooth operations
- Provided support for hardware and software problems, to minimize downtime
- Collaborated with team members to troubleshoot and fix issues promptly to ensure efficient workflow

Capstone Project: CalmSpace Mobile App, Baguio City, Philippines

Sept 2023 - May 2024

- Developed a no-code mobile app called CalmSpace for a psychological clinic service
 - Designed an app to enable clients to document their episode attacks and share them promptly with their therapist or counselor, to address the need for a dedicated platform to facilitate immediate communication
 - Tested the journaling app with 3 clinic employees and 60 clients, reducing inaccurate data by 30% due to immediate journaling and sharing of episode attacks, leading the clinic to consider implementing the app
-

PROJECTS

Portfolio Website with React

- Developed a professional portfolio to showcase skills in HTML, CSS, JavaScript, & React, to demonstrate proficiency in front-end development
- Deployed on Vercel to easily share my portfolio, to ensure accessibility and professional presentation

Simple CRUD Application | Website Redesign

- Developed a Twitter clone to practice CRUD operations and enhance my full-stack development skills
 - Redesigned the PhilHealth website to improve user experience and interface, to make it more user-friendly and visually appealing
-

EDUCATION

Bachelor of Science in Information Technology

University of the Cordilleras

2020 – Sept 2024
